# Language

What is the difference?

Beautiful  
Speech Life

Anne Page, MS, CCC-SLP

# Speech

Articulation

The way I physically make my sounds.

Phonology

Phonological processes are patterns of sound errors, like leaving the last sound off of every word.

Fluency

Speaking with appropriate rhythm and pauses.

Voice

Voice quality is not hoarse or too high or low.

# Language

## Vocabulary

What words mean and how they are organized

I am using words and/or gestures to give a message

## Morphology

How changing word endings and beginnings give new meaning

## Syntax

How to put words together into sentences

## Pragmatics

Understanding that language changes for different situations & listeners
